

Bennie Bugg: Graduated from Whitmer High School in 1958.

I joined the Air Force one year after graduation from Whitmer High School. After serving my time in the military, I married and we had three sons. Unfortunately, divorce happened.

In 1981, I remarried a wonderful lady named Doris. My three sons, and Doris' daughter gave us a growing family! We now have 10 grandchildren. Two of our sons live in lower

Michigan, the other in Lorain, Ohio, and our daughter lives in Waxhaw, N. C. I know you will remember the red head" Benny! Well, Doris loves the white hair that replaced that "red look"! A present for growing older!

I owned Seaway Scaffolding on Main Street in East Toledo until 1987. Doris was employed with Toledo Edison. When Toledo Edison merged with Cleveland Electric, we moved to Cleveland, Ohio.

Doris and I retired in 1993 and moved to (Gods country) Tennessee. We live there during the summer months and reside during the Winter months in Ft. Myers, Florida.

Favorite Memory of Whitmer High:

I especially liked the Friday night dances/parties following the football games.
