

**Sharilyn Floering Davis:** Graduated from Whitmer High School in 1958.

I married Ron Davis who I met in High School before graduation in 1958. Ron was in the Marines and we got married then because he was home on leave. We didn't know when he would be back so we couldn't plan for a wedding. After the Marines, Ron worked in his family business – Davis & Sons Manufacturing Co. until 1989. Unfortunately, I lost Ron that year to cancer.

We had three children, Dale and Bonnie who live in Toledo, and Jill who lives in Michigan. I am now blessed with seven Grandchildren. Two of my grandsons are in the Marines one of which served his tour in Iraq. The other one is also a Marine who joined in June, 2007. All joined because they wanted to follow in their Grandfather footsteps.

I am also proud to be a great grandmother with the addition of a grandson named Aiden. He is one and a handful.

After 1989, I went to work and worked in retail & warehousing until I retired in 2002. Eight years ago I again met someone special and we are continuing to enjoy life through travel and spending time at a place in Gatlinburg, TN. I also enjoy reading, and working in my yard in the summer.

**Favorite Memory at Whitmer High:** I guess it would be the graduation. I lived far away from school and didn't get much time to be involved in activities. Graduation, for me was exciting because it was held outdoors in the stadium and was a last for the school.
