

In Memoriam

Sharon Forman-Morris: Born in 1940 and graduated from Whitmer High School in 1958.

Shortly after graduation, I began working in child care. I did that for some time and after that I became employed part time in the florist business.

I met and married Wayne Morris in 1975. We had two daughters: Dawn and Tina. Dawn is now 34 years old and the mother of two of my grandchildren; a boy and a girl. Tina also has two children; also a boy and a girl. I love being

a Grandma to my beautiful Grandchildren.

My husband Wayne passed away in 2000. Because of my own health problems, I decided to move to Florida, where my daughter Dawn lived. I was unable to walk because of my knees being in such bad condition, so I entered the Park Ridge Nursing Home in Jacksonville, Florida to be near Dawn.

I am being well cared for here and have my bed right next to the window so I can look outside and see the beautiful scenery of the nursing home's landscaping. My daughter Dawn is my continual visitor and keeps me updated on my daughter Tina and all my Grandchildren.

I am not able to get out of bed because of my legs being too weak. I have a computer at my disposal (I have bunches of games to play) and I check the emails every day. It is sometimes difficult for me to answer the messages, even though I do not answer all of them, I am thinking of all who email me, and thank them for it.

Favorite Memory of Whitmer High: I smile when I remember how kind those who really knew me were. I smile because I was able to share those years at Whitmer High School with my friends.

Personal Information:

Sharon Forman-Morris
Park Ridge Nursing Home
733 College Park Road Bed 110A
Jacksonville, FL 31204-3313
