

Terry Garrett - Born September 1940 at 3:48 pm in Columbus, Ohio fifteen minutes after my identical twin brother.

After High School, I attended the University of Toledo in the college of Business and a member of Tau Kappa Epsilon fraternity. I met Marion (Pat – a baton twirler from Massapequa L.I. N. Y.), and now my wife of 50 years in the spring of 1962. We were married six days after I graduated In January 1963.

In 1967 we became the proud parents of a son Robert who completed his under graduate degree at Texas Tech University and his Graduate Degree at Southern Missouri University. He now is employed by AMR Medical Company as a Director of Risk and Safety. In 1999 we were bless with a wonderful granddaughter, Cammi Nicole Garrett.

In 1969 we became the proud parents of a daughter who completed her under graduate degree also, at Texas Tech University and her graduate degree at Northern Illinois University. After four years of teaching she joined the corporate world. She is currently Director and Regional Manager for Blue Coat a major security software computer company, in Dallas Texas. In 2010 she adopted a wonderful boy Jacob Maxim Garrett from Russia.

Marion (Pat) after raising our two wonderful children in 1990 went to work in Property Management with Trammel Crow, Equity and Amli Corporations. After 17 years she retired in January 2007 despite being pressured by her peers to stay on.

In 1963, I joined Libbey-Owens-Ford Glass Company as a technical engineer. After 27 years I retired as an acting General Manager and joined Motorola. I attended Keller Executive Graduate School of Management and in 1999 completed my MBA program in Information Technology. I also, attended George Washington University and received a Master's Certificate in Project Management in IT. After eleven years with Motorola I retired as Global Operations Manager living in Austin Texas. I was fortunate enough with both companies to have traveled the world in my career. I also served my country as a member of the 180th Tactical Fighter Group, Ohio Air National Guard for six years.

My interest over the years in music allowed me to direct a church choir and receive an invitation to sing for Pope John Paul II which we did in 1991. I also played guitar and vocals with an 11 male group called "the account" in front of 10,000 people at the arena in Rochester, IL. Currently, I am performing with the Treasure Coast Community Singers in various areas in Florida and Washington D.C. In 2014 we will be performing at Carnegie Hall in New York City. Also, I have been elected to the TCCS Board of Directors.

We live in Stuart, Florida, and enjoy the comforts of retirement. We have many friends and relatives living near us which we socialize and visit often. Also, many of my wife's former classmates live nearby. We spend our time volunteering for non-profit organizations, golfing, biking, traveling, and singing. Also, I was elected to our HOA Board of Directors and appointed President.

Favorite Memory of Whitmer High: My favorite memory would be my senior year where my brother and I switched classes, dates, and other activities fooling the teachers and classmates, (not sure they still know); also, the Senior Play, Circus, float, prom and of course the lasting memories of our last year of High School. Whitmer High School has been a special place for most of us and I will never forget all the fun times we had.
