

Susan Hammye Bushroe: I graduated from Whitmer High School in 1958. I was born in September, 1940.

After I graduated, I went to work at J. C. Penny's at Miracle Mile until I married Ken Bushroe and started our life traveling with the Air Force. We first went to Savannah, Ga. That is where we had our two sons, Mike and Jim. Then we went to Guam for 18 months. In Guam, we got to experience our first Typhoon, not a lot of fun. Even had one

named Susan. We also got to experience our first tremors. We were glad to get off Guam.

Next stop, Fayetteville, N. C.; stayed there for three years. Then moved back to Toledo and worked at LaSalles Department store for a year while Ken was in Vietnam. It was a great day when he came home.

Riverside, CA. was our next stop for two years. Then up to the Upper Peninsula in Michigan for 4 years, really cold but still fun. From there off to Alconbury, England for 3 years. Really got into living in a village and shopping in Peterbrough. Last stop in the Air Force was in Charleston, S.C.

But we weren't finished moving yet. After the service we moved back to Toledo but it wasn't a good time to look for a job. So we moved to Newark, Ohio and lived there for 12 years. In 1995 Ken was offered a job in Jacksonville, FL. This is where we live now and enjoying retirement.

We volunteered for The Visit Jacksonville and go off in our motor home. Really enjoy meeting people. But we still go back to Toledo where our oldest son Mike lives. Our younger son, Jim lives in Jacksonville. We have one grandson Aaron.

My Favorite Memory of Whitmer High: Being in the shows at school with my girlfriends and working for Mr. Davis in his office.
