

Phillip Hill - Following graduation in '58 and some post-graduate studies at Fullerton Junior College and the University of Toledo, my career path led me to Kaiser Jeep/American Motors/Daimler Chrysler where my working days came to an end upon retirement in early 2001.

Irene (Hager/Neeb - Clay High Grad of '59) and I have been married for 35 years - bringing to our marriage a daughter, Jana Marie Davis, from my first marriage and two step-sons, Andrew and Alexander Neeb, from Irene's first marriage. At the present time, there are two grandsons, four step-grandchildren and two great-grandchildren. Our spoiled rotten dog, a mixed terrier/poodle we call Max, joined us in 2004.

Irene and I have a beautiful daughter, Nicole Jean Hill, who presently resides in Eureka, California with two dogs, chickens, and a significant other. She is an Associate Professor at Humboldt State University in nearby Arcata, California.

Retirement certainly agrees with the two of us: Irene loves the Sylvania Senior Center and Wildwood Metro Park and I love the internet cafes and the new Hollywood casino. My golf clubs and shoes were just recently sold so now I have more leisure time to gamble or relax in front of the TV set with my remote in hand!!
