

In Memoriam

Lewis Kunzler: Graduated from Whitmer High School in 1958. I was born in July 1940.

Following graduation from Whitmer I entered Hillsdale College in southern Michigan. The freshman year was consumed by lumps and bumps obtained from football and wrestling. Deciding a career change was in order, academics became a priority hoping to qualify for graduate school in medicine or dentistry. .

After graduation from The Ohio State University College of Dentistry in 1966, I found my way to Cincinnati where I managed a dental clinic treating

children's dental problems. After two years of clinic practice, we decided to open a private practice in Fairfield, a small city north of Cincinnati.

Judy and I have two wonderful children. Kristine (1966) lives in Columbus with her husband and three sons. Michael (1973) and his wife Michelle live in Grand Rapids, Michigan with their two sons.

As time and technology advanced there became a pressing need for a Forensic Dentist in Butler County. In 1970 I became Butler County's Deputy Coroner.

Judy and I parted ways in 1994. In 1997 Elizabeth and I were married. Together we have five children and eleven grandchildren ranging in age from 14 years to one year.

Unfortunately, back surgery forced me to retire from dental practice in 2004. Fortunately, I have been offered, and may accept, a clinical professorship at the University of Cincinnati, College of Dental Hygiene.

I find enjoyment in fishing, shooting sports, hunting, wood working and, most of all, my family.

My Favorite Memory of Whitmer High: When the Woodshop teacher, Coach Kaczmarek, told me to pick out a board and he proceeded to paddle me with it, he told me I would get the same every day if I returned to woodshop. When asked "why I was being punished?" he told me to enroll in Chemistry thus pointing me toward a college curriculum.

P.S. In 1959 Hillsdale College beat the University of Toledo in football!!!!
