

Vern Osenbaugh: I attended Whitmer High School in 1958. I was born in June 1940.

I finished High School in 1969 by attending night classes at Scott High School. It took me three years to get two years of credits because of marital responsibilities.

In November of 1962 I met and married Diana Hawley. We have 5 children; Lisa works in the office of Bedford High School, Lori is a nail technician in Toledo, Tyler is a Lieutenant Colonel in the U. S. Army, Dean is a Master Sergeant at Howe Military Academy in Howe Indiana and Heather is a R. N at St. Vincent's Hospital in Toledo. Unfortunately, Diana and I were divorced in 1974.

A few weeks before graduating from Scott I started a career in the Tool and Die trade. My job was Die-cast making and mold-making at Janson Tool & Die in Toledo. After 10 years, I went to Ford Motor Co. in Milan, MI, retiring in 2004.

We have lived on Lake Columbia near Brooklyn, MI since 1986 and happily married to Margaret Boldon. Between us we have 7 children and 15 grandchildren.

My hobbies are fishing and woodworking.

My Favorite Memory of Whitmer High: One of my favorite memories of Whitmer was going to the football game and pulling hard for the team.
