

Carol Rohlman – Dally: Status: Widowed.
Residence: Lawton, Oklahoma. Graduated from
Whitmer 1958.

In 1961, I married Albert Dally. Because of his military career in the United States Army, we lived in several different places: Washington, Hawaii, Germany and Oklahoma. We had a wonderful time traveling around the world. We decided to make our home in Oklahoma. He retired and operated his own Heating and Air-Conditioning

business.

In 1985, I graduated from Cameron University with a Bachelors of Science degree in Business Administration. I worked at the University of Oklahoma for the FAA Management School and Cameron University where I was the Student Employment Coordinator in the Financial Assistance Office.

In December of 2005 my husband passed away and in January 2006 I retired. I had two big changes in my life occur closely together.

We have two wonderful children. Brenda, who has been employed for the last 16 years at Cameron University as Assistant Director of Admissions and Albert Jr. who has been employed for the last 12 years at a local radio stations as a DJ and programmer.

Since I retired, I have been volunteering for the Post Adjudication Review Board (PARB). This review board is for child welfare of foster children in Oklahoma. I love NASCAR racing and enjoy my season tickets at the Texas Motor Speedway.

Favorite Memory of Whitmer High: Memories of some of my close friends and acquaintances.
