

BIO FOR NANCY SNIADAK MILLER:

Where have the last fifty years gone? Sometimes it seems like its been forever and other times it seems like just yesterday that I've graduated from Whitmer High School.

Ron and I married in September after graduation so needless to say we won't be able to attend the reunion as we're going on a Hawaiian cruise to celebrate our 50th anniversary. I actually feel this is my biggest achievement in life -- 50 good years to the same man and 4 great kids -- they are Brad (49) in Chicago; Julie (48) in Chandler, AZ; Bryan (47) in San Diego; and Jeffrey (44) in San Diego. As you can see, we were kept very busy for quite a few years raising them. When they were all in elementary school full days I went to work for Washington Local Schools and retired from there after 28 years. The latter years I worked as personal secretary to the principal at WHS -- if you don't think that brought back lots of memories. Every time I heard the marching band practicing the fight song I got a little "teary". During that time I had several instances to chat with Harvey Davis (remember him?). He loved to reminisce about the good old days at Whitmer and while he served on the school board, he stopped in to chat every chance he got.

I think the best times I had at Whitmer were preparing for and participating in the annual Circus. What fun!! What patience Mr. Stacey had when trying to teach a gal with two left feet to stand on her head -- I finally made it -- and was able to join in the Circus fun.

Ron and I both retired in December of 1996 and immediately moved to Sun Lakes, AZ. We feel like we're on a 12 month vacation, even though we both have part-time jobs at a small medical supply store; I work 16 hrs a week and Ron works 24 hrs. He finds time in between to golf several times a week and I have a very active quilting hobby. We also are kept quite busy with our 5 grandchildren who live in San Diego (only 6 hours away) -- they range in age from 7 - 13 so we have plenty of birthdays, ballgames, dance recitals, etc. to keep us going back and forth. I almost forgot - I have a new puppy (Shih Tzu named Oscar) and now I know why God doesn't allow 68 yr old women to become "mommies".

I've heard from several "old classmates" via e-mail and would love to hear from more.
