

Judy (Wachter) Stump: Graduated from Whitmer High School in 1959. Born: February 1940.

After high school, I went to Davis Business College.

I got married to my husband Don Stump, in 1959. Don Graduated from DeVilbiss High School.

I Worked at Detroit & Toledo Shoreline Railroad as a Stenographer for a few years until

we had our son Donnie in 1961.

After our first son came our second son David, then daughter Barbara and finally our third son Christopher.

In the meantime, I managed to attend Monroe Community College for a while continuing with courses in business. I was self-employed for about 10 years.

We have traveled a lot in the past. Don retired from Ford Motor Company in 1995.

We now winter in Florida in a small town on the West coast, Haines City and spend time with our eight grandchildren.

My Favorite Memory of Whitmer High: My favorite memory was the Whitmer Circus. We all had so much fun getting ready. I also remember how the teachers were all so helpful.
