

**Jerry Warner:** Graduated from Whitmer High School in 1958. I was born in 1940.

After High School I went into Air National Guard - 180<sup>th</sup> Tactical Fighting Group in Swanton, OH. I was in the Guard for 6 years.

I also went into the Commercial Carpenter Work trade and did that for 35 years before retiring.

In 1967, I met and married Brenda, who was from Wisconsin. We have been married for

over 41 years.

We had two daughters, who also graduated from Whitmer and went on to College. They are both married and we have been blessed with 7 grandchildren. We have another on the way and is due to arrive in September. We do a lot of things with the grandchildren when we are home.

We used to bowl and snowmobile when we were younger or until our bodies wouldn't take it anymore. We have been into boating for 41 years. I have also taken up golf to keep busy.

I retired in December of 1999 and we have been enjoying our winters in Ft. Meyers, FL. Our summers are spent in Toledo (when it gets warmer of course).

We still have season tickets for the Whitmer football games and go every year.

In Florida we have been going to the Florida Whitmer annual luncheon for the last seven years, and have enjoyed them, especially to see a few new faces each year.

I am really looking forward to September in Toledo and the reunion.

**Favorite Memory of Whitmer High:** The sports...Football games, Basketball games, and Track.
